datasheet ELICA

General description:

Coat rack formed by an anodized aluminum column and hangers and base made of painted steel.

Our original Elica has two new family members: Elica umbrella with the double function of umbrella stand and coat rack where the container is made of aluminum; and Elica mini, a steel light weight, portable and of personal use coat rack, so whenever you are sitting down in a restaurant, library, cafe or in your work place, you can have your belongings near.

Designer: Fernando Gil.

Year of launch: 2012.

Technical description:

Materials:

Hangers: Steel.

Column: Estruded aluminum.

Container of Elica Umbrella: aluminum.

Base: steel.

Dimensions: Ø325x1779 mm

ELICA: Ø325x1813 mm Ø12.8"x71.3"

ELICA_UMBRELLA: Ø325x1813 mm Ø12.8"x71.3"

ELICA_MINI: Ø217x930 mm Ø8.54"x36.6"

Consult for special dimensions or any other modification.

Elica Mini:

Consult for special dimensions or any other modification.

Maintenance:

-Polyester Paint:

For dry dirt (dust), use a damp cloth. For greasy/oily stains (fingerprints), wipe with a sponge with water and dishwashing liquid. Rinse with a damp cloth. Avoid using products containing solvents and/or pure ethyl alcohol.

-Aluminum-metal-glass-melamine-plastic:

We recommend using normal cleaning products for delicate surfaces. Alcohol, solvents and abrasive agents must be avoided.

Sustainability:

Manufacturing materials are 100% recyclable. The used paints do not contain solvents, do not consume water and do not generate emissions or waste. The result is a lower environmental impact.
