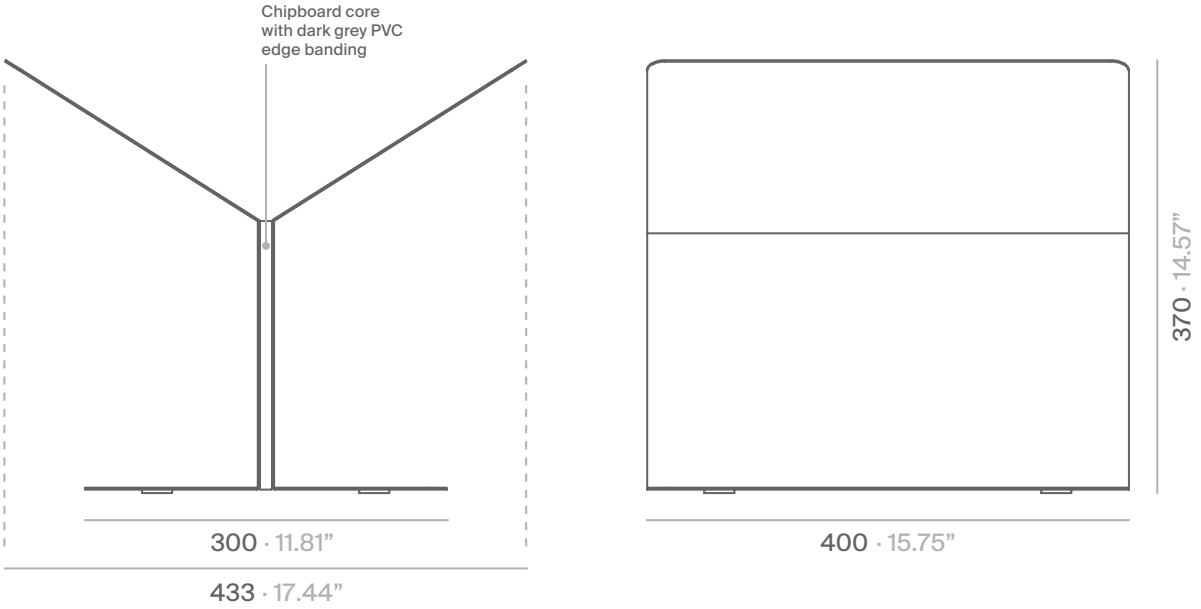
Technical description:

Materials:
Structure: Steel.
Core: Chipboard with PVC edge banding.

Dimensions: 433x400x370 mm 17.44x15.75x14.57”

MOTT



mm · inches

Finishes:

Structure

Textured white
RAL 9003

Textured black
RAL 9011

Textured forge grey

Textured blue
RAL 5011

Textured tomato red
RAL 3013

Textured garnet
RAL 3005

Textured green
RAL 6009

Textured red sirung

Textured
bronze bagana

Textured rust rame

Core

Dark grey

Polyester paint.

Consult for special dimensions or any other modification.

Maintenance:

Polyester powder coating:
For dry dirt (dust), use a cloth dampened with water.
For greasy/oily dirt (fingerprints), use a sponge with water and liquid dish detergent (Vim liquid), then wipe with a cloth dampened with water.
Avoid using detergents containing solvents or pure ethyl alcohol.

Aluminum–metal–glass–melamine–plastic materials:
The use of standard commercially available products for delicate surfaces is recommended.
Alcohol, solvents, and abrasive detergents must be strictly avoided.

Sustainability:

The materials used in manufacturing are 100% recyclable. The paints used contain no solvents, do not consume water, and do not generate emissions or discharges. The result is a reduced environmental impact.
