

systemtronic datasheet IFLAG

General description:

Transparent methacrylate display (A4 format) versions: single, double or triple, with or without shelves.

Aluminium column with anodized silver finish and steel base being coated with polyester paint. Both supports include a protective rubber tip to prevent damage to the product and the floor.

Designer: STC Studio.

Technical description:

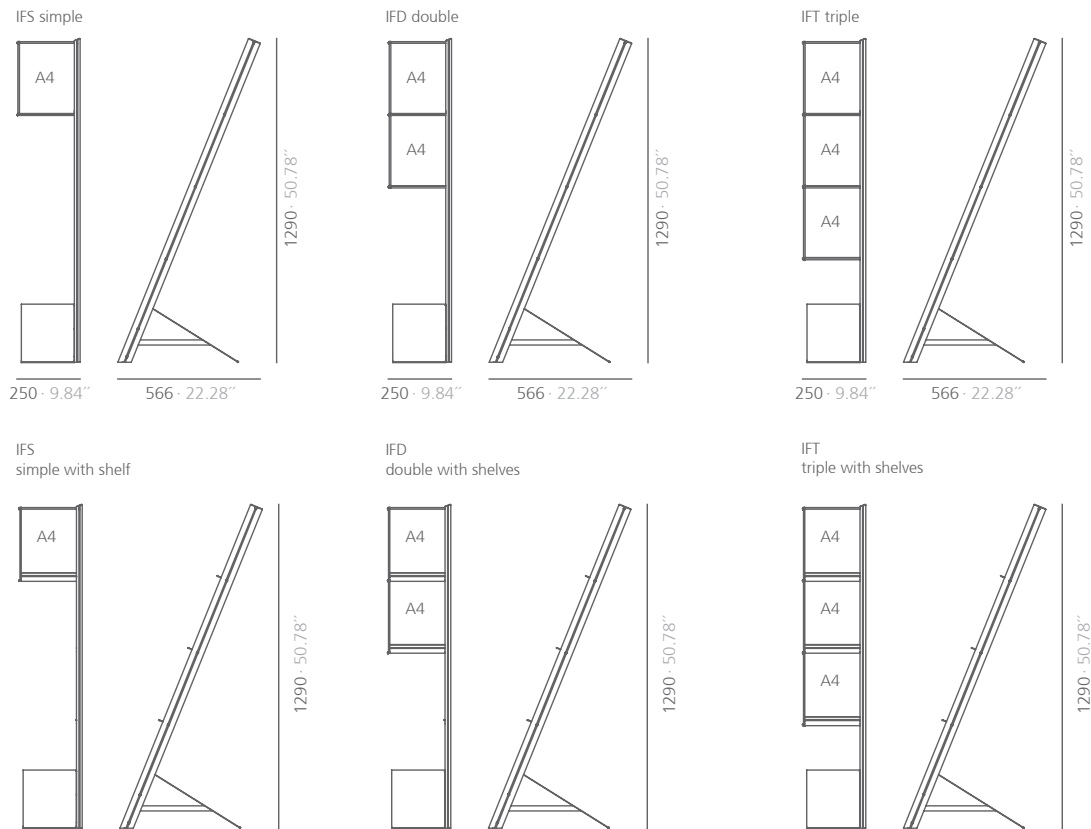

Materials:

Methacrylate.

Column: aluminum.

Base: steel.

Dimensions: 250x566x1290 mm 9.84x22.28x50.78".

mm · inches

Finishes:

Base			Column and shelves
			
textured forge grey	matte white RAL 9003	satin black RAL 9011	anodized alum. silver matt
*Polyester paint			

Maintenance:

-Polyester Paint:

For dry dirt (dust), use a damp cloth. For greasy/oily stains (fingerprints), wipe with a sponge with water and dishwashing liquid. Rinse with a damp cloth. Avoid using products containing solvents and/or pure ethyl alcohol.

-Aluminium-metal-glass-melamine-plastic:

We recommend using normal cleaning products for delicate surfaces. Alcohol, solvents and abrasive agents must be avoided.

Sustainability:

Manufacturing materials are 100% recyclable. The used paints do not contain solvents, do not consume water and do not generate emissions or waste. The result is a lower environmental impact.
