datasheet CROMA WARDROBE

General description:

This open wardrobe, with two shelves and rail with an approximate capacity for between 10 and 15 garments, combines an aluminum structure with a solid ash arch in a natural or lacquered finish. Its two shelves enable different belongings to be kept tidy and within easy reach.

Designer: Lagranja Design.

Year of launch: 2023.

Technical description:

Materials:

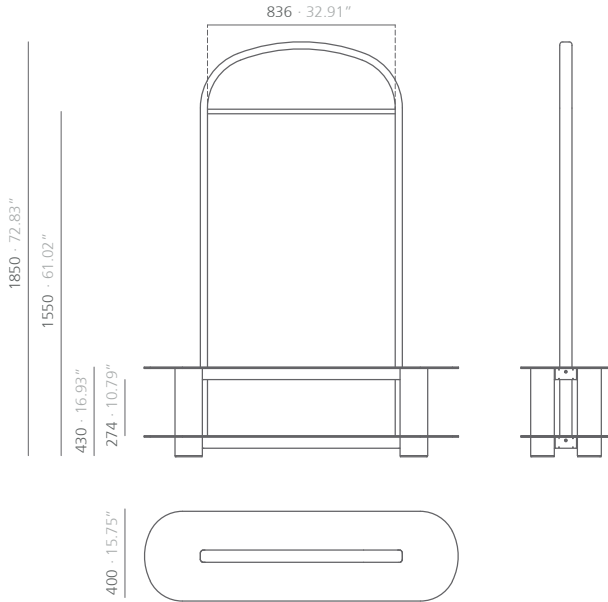

Structure: lacquered aluminium.

Shelf: lacquered aluminum / lacquered aluminum + natural or lacquered ash veneer.

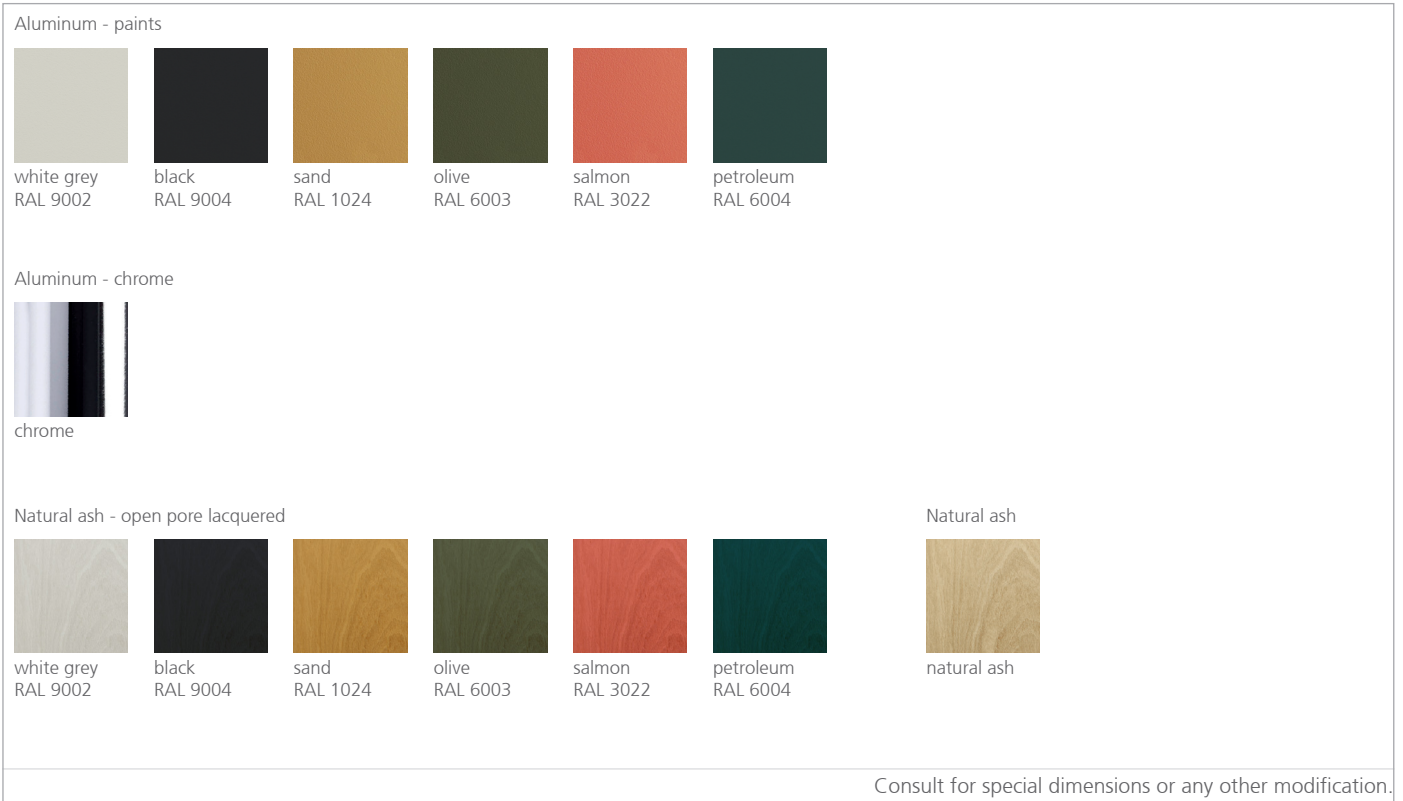

Legs: lacquered aluminum / chromed aluminum.

Bar: natural ash / lacquered ash.

Dimensions: 1400x400x1850 mm 55.12x15.75x72.83"

mm · inches

Finishes:

*Polyester paint

Maintenance:

-Polyester Paint:

For dry dirt (dust), use a damp cloth. For greasy/oily stains (fingerprints), wipe with a sponge with water and dishwashing liquid. Rinse with a damp cloth. Avoid using products containing solvents and/or pure ethyl alcohol.

Sustainability:

The Croma collection is committed to sustainability and the preservation of the environment, which is why it uses responsible materials that minimize our impact on the planet. The aluminum used in the collection is 100% recyclable and contains at least 25% recycled material. By using aluminum in our collection, we ensure that items are durable and have a long lifespan, thus reducing the need for short-term replacement. On the other hand, ash wood is a responsible choice due to its renewable origin and its ability to capture and store carbon. Ash is a fast-growing type of wood that is grown sustainably. By using ash wood in our collection we promote the conservation of forests. The incorporated fabrics are composed of 20% recycled fiber. Used paints do not contain solvents, do not consume water and do not generate emissions or discharges. The result is a lower environmental impact.
